WHL Profil

supplément profil del sol soglia a pavimento supplement bottom profile

Die optionale Wasserhemmleiste ist dezent im Design und verbindet eine geringe Einstiegshöhe mit einem guten Schutz vor Spritzwasser.

Achtung! Bei einer Installation der Duschabtrennung ohne Wasserhemmleiste können Reklamationen bezüglich Wasserdichtheit nicht anerkannt werden.

Discret, le profilé d'écoulement disponible en option offre à la fois une faible hauteur d'entrée et une bonne protection contre les projections d'eau.

Attention ! En cas de pose d'une séparation de douche sans profilé d'écoulement, nous ne saurions accepter les réclamations portant sur l'étanchéité à l'eau.

La piccola soglia a pavimento è discreta nel design e combina una bassa altezza di ingresso con una buona protezione contro gli spruzzi d'acqua.

Attenzione! Quando si installa il box doccia senza soglia a pavimento, i reclami sulla resistenza all'acqua non vengono accettati.

The optional water deflector strip is discreet and combines a low threshold with excellent protection against splashes.

Attention! If the shower enclosure is installed without a water deflector strip, we shall not accept any complaints regarding water leakage.
